February 15, 2018

To Whom It May Concern,

This letter is in response to your inquiry regarding our products and their conformance to the Reduction of Toxics in Packaging Law established by the Council of Northeastern Governors (CONEG) requires packaging and packaging components to comply with the requirements of this law; namely that the sum of incidental concentration **levels of lead, mercury, cadmium and hexavalent chromium** present in any package or package component shall not exceed the following:

- 600 parts per million by weight
(Effective two years after the legislation was signed into law)
- 250 parts per million by weight
(Effective three years after the legislation was signed into law)
- 100 parts per million by weight
(Effective four years after the legislation was signed into law)

After a review of our raw material, additive chemical, process and available test data, We can certify that the following nylon non-woven products do not contain any chemicals contained on the aforementioned list.

We further certify that in cases where the regulated metals are present at levels below the schedule stated above, the regulated metals were not intentionally added during the manufacturing process.

SpectraMax®	Type 60	Vibratex®	Type 24 (black)
PBN-II®	Type 30	N-Fusion™	Type N23
Orion®	Type 70	N-Fusion™	Type N30
Cerex®	Type 23	N-Fusion™	Type N60
Spectralon®	Type 38 (black)		

Custom products, including those with color must be reviewed on a case by case basis. If your specific product is not listed above, please do not hesitate to call me at (850) 937-3346 if you need additional information or further assistance.

Sincerely,

Bart Warner
